

Response from Peter Buckley

Rick,

My responses are open to anyone as usual. Unfortunately we did not race as much as past years but it was certainly not because of the program. What Kathy and I saw of it was first class. I am hopeful that the few waves that developed in the latter part of the season can be weathered by all and the program continue to grow and prosper. The current program is the healthiest, most competitive, and most fun its ever been in our experience which covers more than 15 seasons. I think there are a number of reasons why, not the least of which has been the development of the one design fleet thanks to the efforts of several of the "UNusual Suspects". The program, though honed to a fine edge by your efforts this season, did not spring to life from a complete void. Keep up the good work and keep em laughing.

1.) Your overall opinion of the 2007 season.

We only raced three times but what I saw was well done.

2.) What changes would you like to see? (for example, number of races, number of regattas, types of races,

No Response

3.) Your overall opinion of the Committee Boat

Great job!! We have been in need of a committee boat for several years and this one is very well suited and a perfect addition.

4.) Your opinion of the Committee Duty Selection Process.

I think it is equitable, it is very similar to what I used several years ago. If you participate in the races you must support them with your time on committee. Using the top performers is a good way to tap those who benefit the most from the program.

5.) New Events you would like to see.

No Response

6.) Suggestions on how to fix what you are not happy with.

Can you make me young, handsome and rich?

Peter Buckley
