

Response from Tom Ketzer

We did enjoy the racing last year, it was our first and only year of racing.

We liked the fact that the race days changed from Saturday to Sunday. I thought the start/finish line was too far from Hannah Creek most of the time.

No opinion of the committee boat, it is all I knew. It was easy to locate.

No specific suggestions on improvements. Amy really liked the "woman at the helm race".

We enjoyed the social aspect of the gatherings after the races were over.
